

# Waste & Worms with Ozark Compost

Rogers Welcome Center, 4602 W. Walnut St.  
Thursday, May 16<sup>th</sup> / 3-4pm

Learn about the importance of diverting food waste in NWA as well as the impacts that food waste has on our local landfill. Learn about the lifecycle process from food waste to worm casting natural fertilizer.

We'll have a worm bin to show how we process the waste that gets composted.

Interested attendees will have access to one free month of composting compliments of Ozark Compost & Swap.

## 2 Prize Giveaways:

- 1. 1 gallon bag of worm casting natural fertilizer compliments of Ozark Compost and Swap**
- 2. Sustainable Household Gift basket from Ozark Compost and Swap**
